Welcome

CU South Denver is a multi-purpose facility. Not only are higher education courses taught in the building, but administrative, scholarship, fund-raising, mandatory trainings, outreach and development activities are also held here. Education and research programs conducted by entities affiliated with CU are permitted when scheduled through CU South Denver staff, as are community, museum, K-12 education and adult education events. We encourage a diverse and inclusive community where patrons of different backgrounds intermingle with one another.

PARKING (CAR AND BICYCLE)

Parking is free of charge and is available anywhere within the provided parking lots south of the building. In addition to serving as a location for CU classes, CU South Denver also houses a museum and movie theater and is used as a community event space. When there is a large community event scheduled on a day when CU classes are in session, part of the lot may be blocked off for CU student parking only. When this occurs, the area designated for CU students will be identified with signage and in some cases, personnel will be directing cars to the appropriate section.

Please note that vehicles left more than one night may be towed. If you find yourself in a situation where you cannot move your car, please contact Security at 303-315-9454.

There is also limited bike parking located in between the two parking lots (north side). Bikes may not be stored at CU South Denver.

Meridian M-Bike Share is available. Click here to see the location of the bike racks. You can rent a bike from the Lincoln Station and return it to the Vela Apartments Station (south of the building) or the Commons Park Station (east of the building). There is a trip fee, learn more or sign up online.

LIGHT RAIL/BUS

If you are traveling from Denver, the nearest RTD Light Rail station is the Lincoln station at Park Meadows Drive and Lincoln Avenue. If you take the light rail to the Lincoln station, you can transfer to the 483 RTD bus route to get to the CU South Denver location. You will be dropped off/picked up at the “Jefferson Parkway” stop on Lincoln in front of CU South Denver. This stop is between the Lincoln – Havana and Lincoln and Jordan Park-n-Ride stops.

For CU Denver students, note that the E and F lines both run between the Lincoln station and downtown and both have Auraria campus stops. If you need additional assistance, please come to the Welcome Desk, which is located through the front doors of the building or call 303-315-9448.

CITY OF LONE TREE LINK ON DEMAND – POWERED BY UBER

The City of Lone Tree’s new pilot program, Link On Demand – Powered by Uber, will provide FREE rides anywhere within the Lone Tree City limits via the Lone Tree Link shuttle system.

Lone Tree will be testing this service for the remainder of 2017 to see if it is feasible for future community transit opportunities.

Link On Demand – Powered by Uber will offer service Monday – Friday from 7 a.m. – 7 p.m.

Lone Tree has been testing the service for the last two weeks, and that there are some quirks that they need to learn from and adjust to over the course of this pilot program. However, we want to invite you to begin trying this service to get to CU South Denver from the Lincoln light rail station (that is in the City of Lone Tree) or get around the City of Lone Tree. Lone Tree city limits can be found by clicking here.
If you use Uber or have it downloaded to your phone, you can find Link On Demand as an option if you choose a trip within the boundaries of the City of Lone Tree. If you choose a trip that leaves Lone Tree or originates outside of Lone Tree, it will not even appear as an option on your phone. Finally, if you do not have UBER, you can visit the App Store or visit the Uber website to learn how to begin using their services. The city also has a how to ride guide online at lonetreelink.com.

Please keep in mind this is a pilot program, and we appreciate all of your help as we work to provide new transit options in the Lone Tree community. Please give us your feedback to this pilot program through our online survey at lonetreelink.com/survey.
