

## SCHOOL & GROUP FIELD TRIPS

### PLAN YOUR FIELD TRIPS TODAY!

Bring in your students for new fun and educational experiences. We have a variety of educational programming for P-12 and other groups. Our programs are active, learn-by-doing experiences, all specifically designed to encourage students to explore, innovate, create and find joy in learning. Program topics and delivery are adapted to meet the needs of learners for all age groups. The programs have been developed to complement our exhibits and 3D movies.
